Air-Powered Series

Air-Powered Series speaker stands from Ultimate Support represent everything all other speaker stands aspire to be. They're incredibly strong, extraordinarily sturdy, lightweight, and raise and lower speakers on their own! Driven by innovation and years of research and development, the Air-Powered Series features an internal shock that lifts speakers weighing 35 lbs and less with no effort, and requires very little end-user effort to raise speakers weighing more than 35 lbs!

TS-100B, item #16759

Air-Powered Series Lift-assist Aluminum Tripod Speaker Stand with Integrated Speaker Adapter.

Specs:
- Height: 3'8" - 6'7" (1118mm - 2007mm)

TS-110B

TS-110BL

Ss | TeleLock® Series

TeleLock® Series speaker stands are some of the easiest speaker stands to use thanks to the patented TeleLock® collar. Set the TeleLock® collar to the "Raise" setting and the Auto-lock technology provides just the right amount of resistance to lock the telescoping pole in place while you adjust the height of your speaker. Set it to the "Lower" setting and gently guide your speaker down. Set it to the "Lock" setting and the speaker will securely lock in place. Owning and using TeleLock® speaker stands is like having tour support built into every show!

TS-90B, item #13908

TeleLock® Series Lift-assist Aluminum Speaker Stand with Integrated Speaker Adapter

Original Series

TS-80 tripod speaker stands from Ultimate Support are the industry standard stands you've seen on stages for decades. They're sturdy and lightweight, 100% field serviceable, and are used in more venues, on more stages, and in more shows than any other speaker stand in history. Ultimate Support invented the tripod speaker stand over 30 years ago and the TS-80B, TS-80S, and TS-88B continue the legacy of quality, innovation, and strength today.
