

**Any momentary non-latching footswitch, also referred to as a keyboard sustain pedal, can be used with your Alesis product. Plug in the footswitch first and then power on your device to have it properly calibrated.**

**Compatible footswitches can also be purchased from our Parts Dept. For pricing and availability please contact 401-658-5760 x1407 or email [parts@alesis.com](mailto:parts@alesis.com).**
