

MS-100

Second Generation Adjustable Column Studio Monitor Stands with Built-in Acoustic Isolation – Black or Red Accents

The new MS Series studio reference monitor stands from Ultimate Support offer unparalleled innovation and strength for professional and project studios. The MS-100 column studio monitor stands, available with red or black accents, feature angle and axis adjustment, built-in acoustic isolation and decoupling, cable and weight management, and a beautiful - yet functional - design.

Three internal channels for cable and weight management

6000 Series aluminum construction for strength

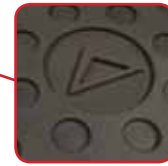

Rubber couplers help dissipate acoustic vibrations

Die-cast aluminum base for stability

High-density acoustic foam for sonic isolation

Fully adjustable angle and axis positioning

Three-point floor contacts; spikes/rubber feet included
