

SR18

PROFESSIONAL DRUM MACHINE

**new
for
2008**

THE ONLY DRUM MACHINE IN HIGH-DEFINITION. Alesis knows drums. The legendary SR-16 ignited the drum-machine market in 1990 and has remained a classic ever since. The SR18 is designed to meet the demands of today's musicians.

Following in the tradition of its ancestor, the SR18 is loaded with realistic drum kits, electronic drums, hits, and up-to-date percussion sounds for any modern drummer. From Hip-Hop, to country and everything in-between, the SR18 has you covered.

The integrated effects engine includes Reverb, EQ and Compression for customizing the sounds to your liking. Since the SR18 can be powered by AC or batteries, it ensures that whenever you need to lay down a groove, you're fully-equipped. The new era of drum machines is here, only from Alesis.
